The following is food for thought...

The most destructive habit is worry.
The greatest joy is giving.
The greatest loss is that of self-respect.
The most satisfying work is helping others.
The most endangered species are dedicated leaders.
Our greatest natural resources are our young people.
The greatest boost we can get is encouragement.
The greatest problem to overcome is fear.
The most effective sleeping pill is peace of mind.
The most crippling parasites to progress are excuses.
The most powerful force in life is love.
The greatest soother and comforter is prayer.
The most dangerous pariah is a gossip.
The world's most incredible computer is our brain.

The worst thing to be without is hope.
The deadliest weapon is a sharp tongue.
The two most powerful words are 'I can'.
Our greatest asset is faith.
The most worthless emotion is self-pity.
The most beautiful attire is a smile.
The most appreciated word is 'Thanks'.
The most contagious spirit is enthusiasm.
To the world you may be one person but to one person you may be the world.
Be yourself, be proud of who you are and let your light shine.
Don't let anyone take away your something special and live life as full as you can today because we have no idea what tomorrow might bring.

8 things to remember!

1. The past cannot be changed
2. Everyone's journey is different
3. Overthinking will lead to sadness
4. Happiness is found within
5. Kindness is free
6. You only fail if you quit
7. What goes around comes around
8. Smiles are contagious

The greatest gift is a passion for reading. It is cheap, it consoles, it distracts, it excites, it gives you the knowledge of the world and experience of a wide kind. It is moral illumination.
